

Kings Forest Caravan Park – A Welcome Guide For Your Stay

Welcome and thank you for booking to stay at Kings Forest Caravan Park, Wideham Farm, an Adults Only Caravan Park, known for being a quiet and peaceful location. We respectfully ask that all visitors please read and follow our guidelines whilst on site to ensure an enjoyable stay for everyone.

- The Speed Limit while on site is strictly 5mph
- Each electric hook up point services two pitches. Fire Regulations stipulate that Caravans have a minimum gap of 6 meters between Caravans, Tents or Awning for Fire spread precautions. Please bear both these points in mind when setting up for yourselves and your neighbour. You can park your cars in that 6m gap.
- The Fire Point with Fire Extinguishers and alarm bell is located next to the Pavilion. There are more fire extinguishers placed around the site.
- Due to our location on the edge of the forest and the nature of our business this is a **No-Smoking site**. Please smoke only in the Caravan Park area and dispose of the ends carefully. Stoves and BBQ's may be used but must be off at least 7 inches off the ground. Bricks are available at the Fire point and also the entrance to the non-electric field. **SORRY NO OPEN FIRES OR FIRE PITS AT ANY TIME.**
- For the enjoyment of others please be considerate in keeping noise to a minimum, **no noise after 10pm**.
- If you have visitors during your stay please let us know, and ask them to park their cars in the Car Parking spaces provided just off the Caravan Park site. (Car parking fee of £2 per car, £3 per day guest applies) **
- The Shower and Toilet Pavilion. The toilets are located on the front, Ladies showers are on the left-hand side, Gents showers are on the right hand-side, this is where you will also find a 'washing-up sink' and the pot-wash or your convenience.
- There are two water taps on the front of the Pavilion, and a third in the middle of the 'non-electric field.
- The Elson point is the black box located to the left of the Shower and Toilet Pavilion.
- **Please keep all dogs on short lead at all times** whilst on the property. When walking off the property please put them back on the lead before coming through the gate. Dog walking is in the forest or the Country Park opposite. Please do not use the area behind the fence on the non-electric field.
- **Please do not take your dog in to the Showers or Toilets, or use the veggie prep/washing up sink to wash your dog.** If you need to wash off your dog for any reason please use the 'warm pooch wash' on the side of the Laundry building.

- If your dog fouls anywhere on the property please 'bag it' and put the bag in the general waste bins located by the entrance to the Caravan Park.
- Please shut all gates behind you. In the evening if the main front gates are closed, if you leave or come back on to the property please close the gates again after you.
- Access to the forest is through either of the two gates on the driveway. Please do not try to access the horse side of the farm. This area is out of bounds to clients staying on the caravan park for Health & Safety reasons.
- You will find the General Waste bins on the entrance to the Park and outside the pavilion. . Please do not put your general rubbish in the bins in the Shower Rooms, this are for bathroom waste only. **St Edmundsbury Borough Council operate an "Energy from Waste" program therefore we do not have recycling bins.**
- We are a working farm and Equestrian facility. As well as our own horses we sometimes have horses in for re-training or re-habilitation. **Please do not approach, pet or feed any horses at any time. The horse standing area, stables, barns, farm buildings and fields beyond the non-electric pitches are 'no-go areas' for your own safety.**
- WIFI is now available on site for our guests.
User name Wideham Farm – password widehams
- **Sorry No Ball Games.**
- **No commercial or sign-written vehicles allowed at any time, under any circumstances.**
- **Motor vehicles, caravans and tents and their contents are left on the property at the owners risk.**

We now have our own on-line booking service. This can be found at www.kingsforestholidays.co.uk You will also find details of our Holiday homes available for mid-week and weekend breaks throughout the year.

We hope you have an enjoyable stay and look forward to seeing you again.
